HP Jornada 820 Handheld PC

Power

AC Adapter
Give yourself the power to be productive—anywhere in the world. The AC adapter allows you to use your HP Jornada handheld PC while simultaneously recharging its battery.

Standard Battery
With this 4-cell Lithium Ion battery, you can work up to a whole day without interruption. Then easily recharge by plugging your HP Jornada handheld PC and the AC adapter into the nearest electrical outlet.

Extended Battery
Enjoy uninterrupted productivity during long trips and presentations. The extended battery provides 50% more capacity than the standard battery—at the same physical size! Keep an extra one of these 6-cell Lithium Ion batteries on hand for emergencies.

Memory

16MB Expansion RAM
An affordable way to increase your HP Jornada handheld PC's internal memory to a total of 32MB. Speed up performance and store more information without giving up precious card slots.

4MB & 10MB CompactFlash Cards
May be purchased with or without PC card adapter.
These 4MB and 10MB CompactFlash cards snap easily into your HP Jornada handheld PC for a quick and affordable way to increase your storage capacity.

Connectivity

Sync/AC Cable
Now you can recharge your battery and synchronize your HP Jornada handheld PC with your desktop PC in one simple step. Includes a sync cable and an AC adapter in one convenient device.

Sync Cable
Now synchronizing your information with your desktop PC is a snap. Just connect your HP Jornada handheld PC to your desktop computer, and your files are automatically updated.

Parallel Printer Cable
Easily print to any parallel printer from your HP Jornada handheld PC. Just plug one end into your HP Jornada, and the other into a parallel printer supporting PCL. In seconds, you will be printing letters, spreadsheets, presentations, and more.

Serial Adapter
The serial adapter extends the functionality of your HP Jornada handheld PC by allowing you to connect to a Windows® CE-compatible peripheral with a standard serial connector, such as a GSM modem adapter.

Other

VGA Out PC Card
For color presentations on the go, this plug-and-play VGA Out PC Card connects instantly to a standard VGA monitor or projector. Supports up to 1024 x 768 resolution.

HP Jornada 680 Handheld PC

Power

AC Adapter
The AC adapter allows you to work on your handheld PC and recharge your battery at the same time. With its universal power supply, you'll be fully charged and productive no matter where you are in the world.

Standard Battery
Now you can work a full day without recharging your battery. This Lithium Ion battery provides up to 7 hours* of uninterrupted use.

Extended Battery
The extended battery provides 3 times more capacity than the standard battery—for up to 21 hours* of uninterrupted use! Perfect for those long flights or marathon business meetings.

External Charger
Keep a spare battery fully charged for those extended days away from your desk. This useful device charges the battery in your handheld PC and a spare standard or extended battery at the same time.

*Estimated battery life. Actual battery life will vary based on usage.

Memory

4MB & 10MB CompactFlash Cards
May be purchased with or without PC card adapter.
These 4MB and 10MB CompactFlash cards snap easily into your HP Jornada handheld PC for a quick and affordable way to increase your storage capacity.

Connectivity

Docking Cradle
The perfect accompaniment to your PC at home and at the office. The docking cradle connects the HP Jornada to your desktop PC via the serial cable, allowing you to synchronize information and recharge your battery.

Sync Cable
Now synchronizing your information with your desktop PC is a snap. Just connect your HP Jornada handheld PC to your desktop computer, and your files are automatically updated.

Parallel Printer Cable
Easily print to any parallel printer from your HP Jornada handheld PC. Just plug one end into your HP Jornada, and the other into a parallel printer supporting PCL. In seconds, you will be printing letters, spreadsheets, presentations, and more.

Serial Adapter
The serial adapter extends the functionality of your HP Jornada handheld PC by allowing you to connect to a Windows® CE-compatible peripheral with a standard serial connector, such as a GSM modem adapter.

Other

Stylus (2-pack)
The perfect way to work quickly and comfortably on your handheld PC. Keep this pack of two stylus pens on hand to replace those that are lost or damaged.

VGA Out PC Card
For color presentations on the go, this plug-and-play VGA Out PC Card connects instantly to a standard VGA monitor or projector. Supports up to 1024 x 768 resolution.
